Evaluation Process and Reforms

Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words. Our college is affiliated to University of Mumbai, (Maharashtra) and therefore, we have to follow its rules and guidelines regarding the assessment and evaluation process. In last few years the pattern and syllabus has been changed twice.

It was 100 Mark pattern till 2019. In 2019 the 60:40 Pattern was introduced and in 2022-2023 the 75:25 pattern was introduced by the University. The college has to follow the syllabus and pattern as laid down by the University.

As per pattern in hand (60:40 & 75:25) the college is responsible for internal exam that include the question paper setting, conducting the exam and assessment. Therefore, in order to have transparent and robust mechanism of internal assessment, we have adopted all the fair method which we informed to the students in advance, about how they can make grievances and how it get solved.

We do call for the objection on result of internal. The student has liberty to make grievances about their result and on receiving any grievances the college satisfy the grievances & guide them for better performance in future. An additional chance is made available who could not remain present for internal exam due to medical reason or participation in competition on college behalf.
