

7.1.3 Describe the facilities in the Institution for the management of the following types of degradable and non-degradable waste (within 500 words)

Solid Waste Management:

Anand Vishwa Gurukul College of Law is located within the municipal limits of Thane Municipal Corporation (TMC). Being a municipal area, solid waste generated from the College is segregated in Dry Waste and Wet Waste as per the guidelines of the Corporation.

The College makes use of system of segregation of waste into biodegradable and bio-non-degradable wastes. The college takes affirmative actions for not only segregation of waste but also in disposal of the waste collected. The college makes sure that the non-degradable waste is sent to recycling.

The Waste Lifting Vehicles of the Corporation visit the locality on daily basis for the collection of waste for their safe disposal outside the city limits.

The College follows the policy of recycling resources, especially papers and envelopes in the following ways:

- Reuse of printed papers on both sides for printing.
- Reuse of envelopes using pasted addresses.
- Newspapers are used for packing
- Used papers are sold out as scrap
- For vivas, the use of Power Point Presentations is made compulsory and the submission is strictly online.

Liquid Waste Management:

The internal liquid waste disposal system of the College has been developed as per the guidelines of the Thane Municipal Corporation. The internal drainage system of the College is cleaned on annual basis and is well maintained. Through this system, liquid waste is discharged in the centralized liquid waste disposal system of the Municipality for treatment and safe disposal. No hazardous chemicals are let out by the college. The water coolers are cleaned regularly and the waste water is let out the potted plants in the premises. Rain water is discarded to the Corporation's Storm Water Drainage System.

Leakages, if any, in the internal waste management system of the College are checked and repaired immediately.

E-waste Management:

E waste management is the process of safely disposing of the electronic waste. It is important to recycle the waste as it contains harmful chemicals which can degrade the environment. The college makes sure that minimal E-waste is produced. If any such waste is produced, the College disposes off e-waste to the licensed vendors of the Government as per the E-waste Policy of the Government.

Separate bins for degradable and non-degradable waste
